

MARTIN IS NAMED FOR SCHOOL BOARD

First Precinct Convention Nom-
mates Him to Succeed
Himself.

OTHER CANDIDATES APPEAR

"Americans" Will Attempt to Interject
Politics Into the School System—
—Polling Places Selected.

With the "American" party deter-
mined to secure the schools if possi-
ble for the political power that would
follow a chance to manipulate them
for partisan ends, the non-partisan ef-
fort to keep the schools out of politics,
is now taking definite shape.

In the first ward last night it resulted
in the nomination of C. S. Martin, a
member of the board whose term ex-
pires this year. In the second pre-
cinct the same spirit favoring the re-
turn of present board members re-
sulted in the selection of Arnold G.
Glaucus. The third ward non-par-
tisan mass convention, which has been
called by the Republican and Demo-
cratic precinct chairmen, will be held
Friday evening in the High School. In
the fourth and fifth wards con-
ventions are still to be held.

In the third ward, O. W. Moyie,
president of the board, resides, and it
is probable that he will be renomina-
ted at the non-partisan convention Fri-
day. In the fourth ward, Mathoniah
Thomas has no candidate opposing him
for re-nomination, while in the fifth,
Joseph Oberdorfer, the only "Ameri-
can" member of the board, will prob-
ably be re-nominated by that party.
There is considerable discussion of
the other "American" candidates, and
it is probable that E. B. Critchlow,
famous for the bitterness of his thought
on everything pertaining to the church
and its members, will be the "Ameri-
can" nominee in the first. Colonel
William Nelson of the Tribune is the
candidate discussed for the second
ward.

General E. A. Wedgwood is being
mentioned as a candidate from the
fourth.

LAWYER FINDS ECZEMA CURE.

Attorney at Moline, Ill., Writes How He
Was Induced to Try Oil of Win-
tergreen Compound.

There is nothing that will convince
a lawyer except evidence.
Now, here is some rather startling
evidence of a simple home cure for
eczema, which convinced one lawyer,
F. C. Enriksen, attorney at Moline, Ill.

He tells how oil of wintergreen com-
pound mixed with thymol and glycer-
in, as in D. D. Prescription,
cured him in thirty days after thirty-
two years of suffering.

"For 32 years," writes Attorney En-
riksen, "I was troubled with eczema,
which all over my face, body and head,
could run my hair, burn over my
body and the floor would be covered
with scales enough to fill a basket. I
tried everything, salve, internal medi-
cine, X-Ray—all without result. Last
winter the college at Iowa City, want-
ing me to come there and show my case to
the students, I said, 'Cure me and I
will come.' They said, 'no cure,' so
I did not go."

"Just a month ago I was induced to
try D. D. Prescription. The itch
was relieved instantly; so while I had
little hope of a cure, I continued to
use the remedy. It is just a month now
and I am completely cured. I have not
a particle of itch and the scales have
dropped off."

"I can only say again CURE DIS-
COVERED. I am now starting all
eczema sufferers on the right track."
The explanation of Mr. Enriksen's
cure in this D. D. Prescription,
unlike any other remedy, is a pen-
etrating liquid; it gets into the skin,
not over the skin. Its mild, soothing
ingredients build up the tissue, and
at the same time ridding the skin of
the itching, then removing the eczema germs.
Cure after cure has been brought to
our attention and always that instant
relief from the awful itch.

ment hall; district voted, 42.
